Dear Sir:

This letter is on behalf of Mr. Kenton H. Johnson, a Graduate Student at San Jose State College.

I have had the opportunity to work with and observe him as a member of my staff in a Transportation Planning Project for the U. S. Forest Service. He is well motivated and has conducted himself as a gentleman in all of his endeavors.

Mr. Johnson's formal education has provided him with a good foundation in the area of Systems Engineering and an appreciation for socio-economic-political problems. I believe him well qualified to work in fields related to Systems and Cybernetics.

I strongly recommend your favorable consideration of Mr. Johnson's request for a change in AFSC assignment from 3064 to 2895 (Development Engineer).

Sincerely yours,

Jorge Barriga

Jorge Barriga
Professor of Civil Engineering
